COLOURMATCH

The Mitten Colour-Match Concept

Mitten Siding & Accessories offer you the choice to match your Vinyl Siding colours with an extensive variety of complementary products.

Choose Colour-Matched Aluminum Trim, Shake, Blocks/Mounts/Vents, Caulking and Fasteners. We even have colour-matches on file with major paint manufacturers.

Have confidence knowing your home is going to look great with Colour-Matched Mitten Siding and Accessories.

Visualization

Take the guesswork out of your exterior makeover, try different products and colour combinations. You can use one of our pre-masked photos, or upload and customize a photo of your own home.

Visit the **Mitten Visualizer** section of www.mittensiding.com or download the **Mitten Pro iPad App** (Search "Mitten Pro" for iPad only).

Sales Leads

Each month, tens of thousands visit our website. Homeowners searching for product information are directed to the "Where To Buy" contractor locator or they can click "Get an Estimate" to be connected with a member of the Mitten ProNetwork. By completing a short online form to detail their project, these homeowners quickly become pre-qualified sales leads. Take advantage of the website traffic generated by mittensiding.com and boost your business by signing up for the Mitten ProNetwork.

Online Training

Continue to develop your skills and knowledge with Mitten Online Training. To be successful, everyone needs to have knowledge about the products they sell, install, service or support. Go to MittenTraining.com or to our website at mittensiding.com

BUILDING PRODUCTS

SENTRY
VARIEGATED VINYL SIDING

Our ultra premium variegated siding features four multi-tone RUSTIC colours to achieve the stunning look of stained cedar with a deep textured woodgrain. Painting, sealing or caulking is never required, and the panels are backed by a **No Fade Promise*** along with Mitten's limited lifetime warranty.

Available in Sentry's three popular profiles including a vertical Board & Batten panel, the four richly grained and inviting colours are easy to install, architecturally pleasing and sure to create instant curb appeal.

Pieces/Carton: 50 / 50
Coverage/Carton: 600 LF / 182.88 m

STARTER STRIP

Used in every installation at the bottom of the wall to install the first row of siding. **INSTALLATION NOTE:** Starter strip must be level!

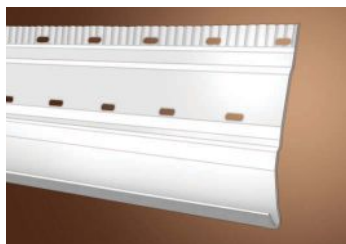

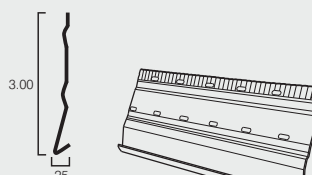

Length/Piece: 12' / 3.66 m
Pieces/Carton: 40 / 40
Coverage/Carton: 480 LF / 146.30 m

7/8" J-CHANNEL - 1" FACE

Used for trimming around windows & doors, and at the roof line to hide ends of siding panels and create a finished look. Used with shake and shingle applications.

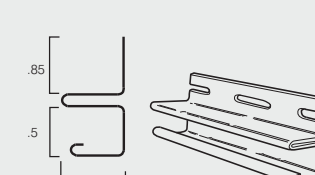

Length/Piece: 12' / 3.66 m
Pieces/Carton: 40 / 40
Coverage/Carton: 480 LF / 146.30 m

GALVANIZED STARTER STRIP

Used in every installation at the bottom of the wall to install the first row of siding. **INSTALLATION NOTE:** Starter strip must be level!

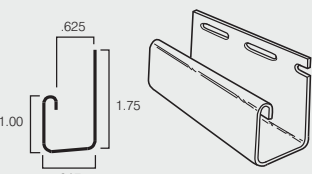

Length/Piece: 9'-10" / 2.99 m
Pieces/Carton: 20 / 20
Coverage/Carton: 196 LF / 59.94 m

1/2" F-CHANNEL

Used for soffit applications, installation starting point at the wall.

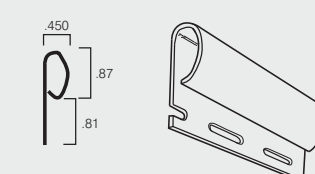

Length/Piece: 12' / 3.66 m
Pieces/Carton: 30 / 30
Coverage/Carton: 360 LF / 109.73 m

5/8" J-CHANNEL - 1" FACE

Used for trimming around windows & doors, and at the roof line to hide ends of siding panels and create a finished look. Used with all standard siding applications.

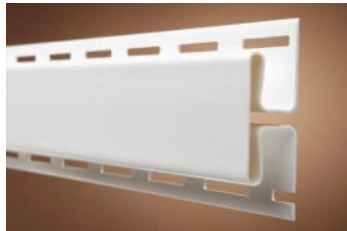

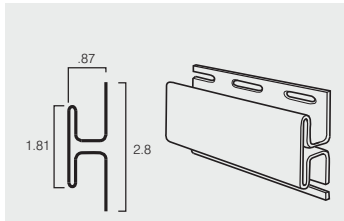

Length/Piece: 12' / 3.66 m
Pieces/Carton: 40 / 40
Coverage/Carton: 480 LF / 146.30 m

FINISH TRIM

Used above and below windows & doors and at the top of siding wall at soffit levels for decorative finish.

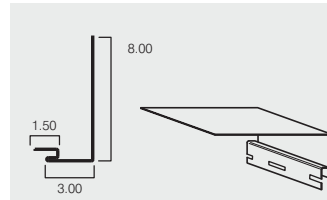

Length/Piece: 12' / 3.66 m
Pieces/Carton: 40 / 40
Coverage/Carton: 480 LF / 146.30 m

H-TRIM

Double channel trim that provides a transition between horizontal and vertical siding.

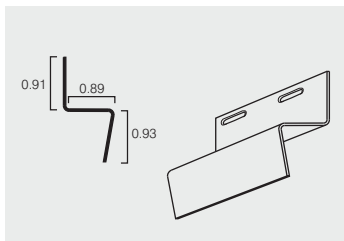

Length/Piece: 12' / 3.66 m
Pieces/Carton: 12 / 12
Coverage/Carton: 144 LF / 36.58 m

RECESSED WINDOW & DOOR TRIM

Used as a return around windows & doors.

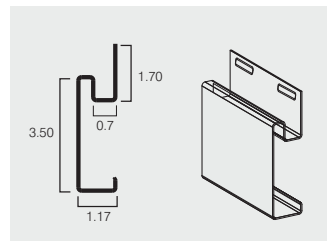

Length/Piece: 12' / 3.66 m
Pieces/Carton: 16 / 16
Coverage/Carton: 192 LF / 58.52 m

BELT LINE

Same function as the H-Trim, to provide a transition between horizontal and vertical siding. Can also be used as a Starter Strip for horizontal to vertical siding applications.

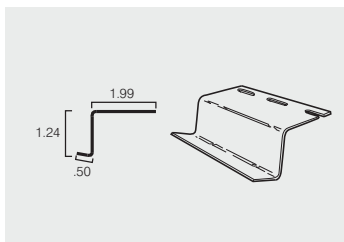

Length/Piece: 12' / 3.66 m
Pieces/Carton: 40 / 40
Coverage/Carton: 480 LF / 146.30 m

3-1/2" WINDOW & DOOR TRIM

Used around windows & doors for a decorative finish.

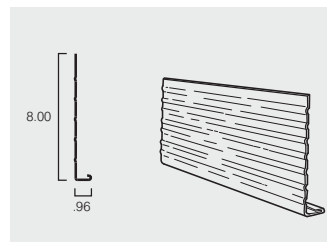

Length/Piece: 12' / 3.66 m
Pieces/Carton: 10 / 10
Coverage/Carton: 120 LF / 36.58 m

DRIP CAP

Used above windows & doors to channel water away from the wall.

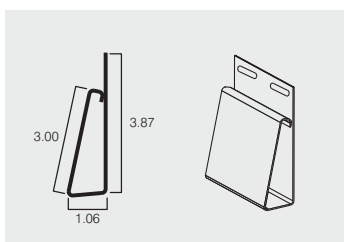

Length/Piece: 12' / 3.66 m
Pieces/Carton: 40 / 40
Coverage/Carton: 480 LF / 146.30 m

FASCIA

Used to provide a decorative finish over the roof rafters.

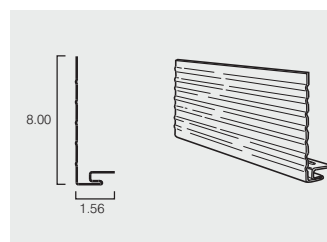

Length/Piece: 12' / 3.66 m
Pieces/Carton: 10 / 10
Coverage/Carton: 120 LF / 36.58 m

WINDOW CASING TRIM

Decorative accent for windows.

Length/Piece: 12' / 3.66 m
Pieces/Carton: 10 / 10
Coverage/Carton: 120 LF / 36.58 m

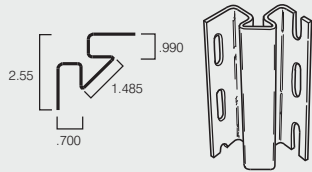

FASCIA-J

Used to provide a decorative finish over the roof rafters complete with J-Channel for soffit starting point.

Length/Piece: 12' / 3.66 m
Pieces/Carton: 20 / 20
Coverage/Carton: 240 LF / 73.15 m

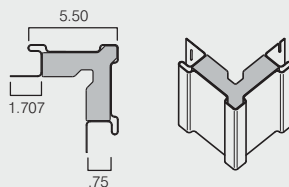

SIDING

INSIDE CORNER POST

Used to join siding panels at the inside corner of the wall.

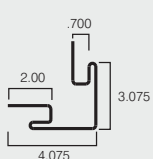

Length/Piece: 10' / 3.05 m
Pieces/Carton: 20 / 20
Coverage/Carton: 200 LF / 60.96 m

TRADITIONAL 5-1/2" OUTSIDE CORNER POST - 20'

Wider & longer corner application to provide a finished look at the corners of the wall.

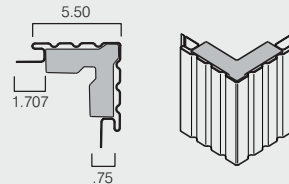

Length/Piece: 20' / 6.096 m
Pieces/Carton: 5 / 5
Coverage/Carton: 100 LF / 30.48 m

3" OUTSIDE CORNER POST - 10'

Used to cover corner end of the wall and to provide a finished look.

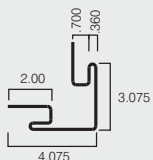

Length/Piece: 10' / 3.05 m
Pieces/Carton: 12 / 12
Coverage/Carton: 120 LF / 36.58 m

FLUTED 5-1/2" OUTSIDE CORNER POST - 20'

Wider & Longer corner application to provide a finished look at the corners of the wall.

Used to complete the decorative finish at the soffit area.

Length/Piece: 12' / 3.66 m
Pieces/Carton: 36 / 36
Coverage/Carton: 432 LF / 131.67 m

MITTEN

**Vinyl Trims & Accessories are
colour matched to Mitten Vinyl Siding!**

**Please refer to the Vinyl Colour Matrix found on pages 42 & 43
for full product offering**

5 Reasons Vinyl Siding Remains the Top Home Exterior Design Choice

Did you know? Vinyl siding is the primary cladding material on nearly one third of all new homes built.¹

1 Boosts Curb Appeal

THE COLOURS of Mitten Siding & Accessories are certified through the Vinyl Siding Institute (VSI) Product Certification Program for colour retention.

Its unmatched selection of profiles, shapes, textures and colours makes vinyl siding ideal for any home renovation.

Those who re-sided their homes with vinyl siding recouped more than 73% of that cost when selling.²

2 Never Absorbs Water

MITTEN SIDING & ACCESSORIES is weather resistant, fade resistant and insect resistant.³

WEATHER RESISTANT

FADE RESISTANT

INSECT RESISTANT

3 Never Requires Painting

MITTEN SIDING & ACCESSORIES are third-party tested and certified for quality and colour retention. The colour is inside the product, not on top of the surface. It does not crack, peel or fade.

Vinyl siding requires no painting or caulking, just simple cleaning with a garden hose.

4 High Performance

VIRTUALLY INDESTRUCTIBLE

RESISTS WIND SPEEDS UP TO 195 MPH/313KPH.

5 Peace of Mind

MITTEN SIDING & ACCESSORIES are backed by industry-leading warranties that last the lifetime of a home and transfer to the next owner.

LIMITED LIFETIME WARRANTY

MITTEN
BUILDING PRODUCTS

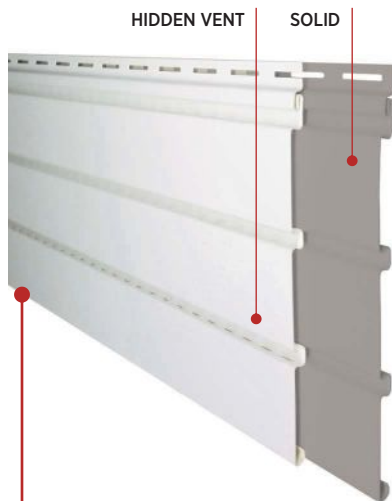

1. Canadian Consumer Practices Report - 2017, Home Innovations Research Center.
2. 2017 Cost vs. Value Report, *Remodeling Magazine*.
3. Vinyl siding is not a weather resistive barrier and must be installed according to installation instructions.

COLOURMATCH

Equinox T3-1/3" Soffit

Premium 10" wide heavy duty soffit engineered to perform. Panels provide a smooth, flat surface and offers the perfect balance of aesthetics and performance.

A durable soffit with an easy to install slide lock.

Features:

- Double 4" profile (8" wide)
 - .040" thickness
 - Solid or Vented
- Length/Pc:** 12' (3.66m)
Width/Pc: 8" (20.32cm)
Panels/Ctn: 24
Coverage/Ctn: 2 sq/box
Net Free Air Intake Per Foot: 3.14

Jamb-Fit™ 16" Soffit

A wider soffit panel providing easy transition from eaves to wider overhangs, complete with an easy to install slide lock.

Features:

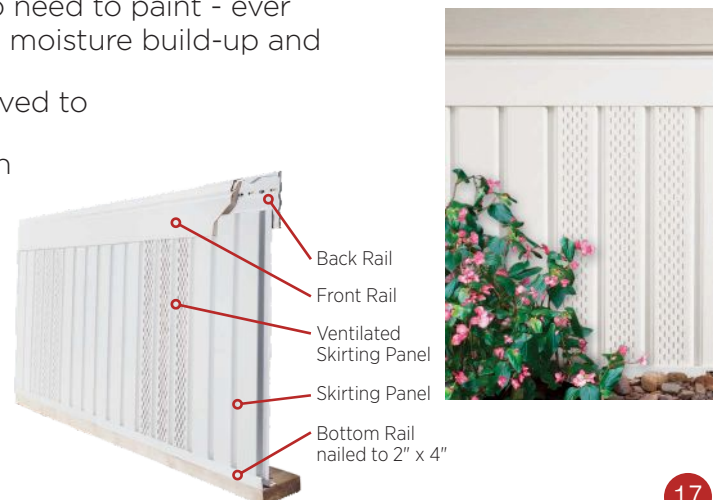

- Quad 4" profile (16" wide)
 - .040" thickness
 - Solid or Vented
- Length/Pc:** 12' (3.66m)
Width/Pc: 16" (40.64cm) **Panels/Ctn:** 12
Coverage/Ctn: 2 sq/box
Net Free Air Intake Per Foot: 6.26

PLEASANT VIEW SKIRTING

- Skirting secures to the perimeter of any mobile home, cottage, deck or foundation
- Vinyl skirting will not rot, peel, flake or blister. No need to paint - ever
- Ventilated panels encourage air flow and reduce moisture build-up and musty odours
- Front rail pops up so skirting can be easily removed to access storage areas
- Available in Frost to complement any application
- A great alternative to wooden lattice as it won't attract termites

RANDOM PLANK

The Random Plank wall cladding is a product of meticulous craftsmanship that joins together easily to form a sophisticated architectural panel. The Random Plank can be created in any of the LUX colours. This product has been immensely successful in finding its place on contemporary residential, multi-unit residential and even as an indoor fireplace surround.

PRIVACY FENCE

The LUX Privacy Fence is a durable, easy to assemble, and waterproof privacy screen for commercial and residential applications. The posts are wrapped in LUX and the panels simply slide into place for easy installation.

FOLDED WALL

The LUX Folded Wall derives its name from the unique brake-forming process that's used to create it. With the use of a brake, the folded wall is accurately hand-made by our craftsmen to create a unique and beautifully folded sculptural panel that can be used as a feature accent, or to clad an entire building.

Steel is a low maintenance, stylish and durable choice!

Exceptional Beauty,
Unbeatable Strength

- Available in five different profiles: D4, D5, DL5, S8 and B&B
- 21 colours
- Matching Trims & Accessories
- Limited Lifetime Warranty on defects plus 50-year hail and 25-year chalk/fade

Premier Performance

FADE, FIRE AND IMPACT RESISTANT

- Exceptional colour retention
- Class A/Class 1 fire rating
- Tough against bumps and dents

IDEAL IN EXTREME WEATHER CONDITIONS

- Protected from harsh weather elements like hail or wind
- Does not absorb water like other cladding options
- Withstands extreme temperature changes

SUSTAINABLE STEEL

- We value the environment and strive to minimize our footprint
- Steel is 100% recyclable
- Made from approximately 50% recycled materials

BACKED BY AN INDUSTRY LEADING WARRANTY

- Instills peace of mind
- Limited Lifetime Warranty including 50-year hail and 35-year chalk and fade

Warranty:

All Mitten Vinyl products are covered by a Lifetime Limited Warranty. See warranties or visit mittensiding.com for details and limitations.

NES Certification: Ply Gem has received confirmation by the National Evaluation Service, Inc. (NES) at nateval.org that its vinyl siding products comply with the exterior wall covering and wind resistance provisions of the three U.S. model building codes (BOCA National, ICBO Uniform and SBCCI Standard) in addition to the new 2000 International Building Code of the International Code Council. This confirmation, as evidenced in the NES evaluation report (NER-528), provides guidance to code officials faced with approving the use of Mitten vinyl siding under these codes.

VSI online at vinylsiding.org

Vinyl Siding Institute provides assurance to homeowners, remodelers, contractors, planners, code officials and architects regarding the quality of the vinyl siding they select and use. Vinyl siding, certified under the VSI Vinyl Siding Certification Program, has been independently verified by a third-party laboratory to meet or exceed ASTM D3679, the long-standing industry-wide standard for quality vinyl siding.

VSI Certified Siding Installer Program

VSI Certified Installer Program provides training and certification for vinyl siding installers and companies. For more information please visit vinylsiding.org.

COLOURMATCH

ALUMINUM

CANADA'S STRONGEST **ALUMINUM PROGRAM**

Ply Gem aluminum products make it easy to dress up any home or light commercial building. Each product in the collection - Soffit, Fascia, Accessories, Trim Coil - will look and perform beautifully for years to come. Aluminum Soffit and Accessories by Ply Gem offer an assortment of smooth styles as well as a selection of colours designed to match or complement Mitten vinyl siding.

Two-coat acrylic outlasts other finishes

- Corrosion-resistant primer provides superior holding power
- Extra tough acrylic top coat resists scratches and dirt
- Resists fading and weathering year after year

SCRATCH RESISTANCE

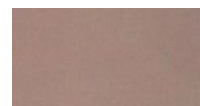

TWO-COAT ACRYLIC FINISH

ONE-COAT POLYESTER PAINT

Two-coat acrylic finish gives an ultra-thick surface that resists scrapes and scratches.

FADE RESISTANCE

TWO-COAT ACRYLIC FINISH

ONE-COAT POLYESTER PAINT

Two-coat acrylic finish has excellent colour retention and ensures a consistent look for years to come.

Unmatched Quality

QUALITY RAW MATERIALS

- Meets or exceeds the highest aluminum specifications for grade, hardness and temper
- Highest tensile strength aluminum

PROPRIETARY FINISHING SYSTEM

- Five-stage cleaning process
- Corrosion-inhibiting primer
- Ultra-tough, low-mar topcoat
- Finish applied to both sides

DEMANDING QUALITY TESTING AND CONTROLS

- Paint thickness and consistency
- Paint adhesion
- Colour accuracy
- Maintain gloss
- Five flatness checks - prevents oil canning
- Retained shape - consistent shape of formed product
- Solvent resistant - prevents peeling, flaking and weather erosion
- Peak metal temperature - ensures full paint cure
- Three metal strength tests - ensures proper stiffness, bendability and impact resistance

TRIM COIL - Cuts Clean, Bends Sharp, Lays Flat

Ply Gem trim coil meets the highest aluminum specifications for grade, hardness, temper (flexibility) and gauge (thickness). Tension-leveled to create a dimensionally accurate product with uniform surfaces and excellent forming characteristics, Ply Gem trim coil is known for straight, consistent edges and an attractive finish.

- 24" x 98' (60cm x 30m) Heavy Trim Coil 1 side painted: .0205 gauge
- 24" x 98' (60cm x 30m) Heavy Trim Coil 2 sides painted: .0215 gauge

Available in our Core Colours and matched to Mitten Standard and Premium siding colours.

CLOG-FREE
360°
LIFETIME WARRANTY

double pro™
MICROFILTRATION CONTINUOUS HANGER™

eclipse™ TECHNOLOGY
The double membrane keeps debris from getting inside the gutter. The offset holes make it the perfect filter, allowing water to drain freely while blocking pine needles and leaves without ever getting clogged.

vortex™ TECHNOLOGY
The suction created by the two membranes makes it possible to drain three times more water than ever recorded in the heaviest storms. The inner membrane draws water through the wider holes.

SHAKE & STONE

MORTARLESS STONE VENEER
by ENVIRONMENTAL STONWORKS®

ClipStone is an innovative, easy to install stone veneer. With simple common tools, you can turn a plain boring wall into an eye-catching, professional-looking stone wall.

Because these are individual stones, you will enjoy added design flexibility - and no more obvious long seams that are the result of many stone panels on the market today.

ClipStone goes up one at a time, just like traditional stone installed by a professional mason. Except you don't need the mason!

Easy to Install

- No masonry skills required
- No special tools needed
- No foundation required
- Lightweight, mechanical fastening system
- No mortar, no mess
- No metal lath required
- No need to find studs when properly installed according to installation instructions
- Can be installed in all weather conditions
- Easy cleanup

Worry Free

- Durable Product
- Requires no maintenance
- No sealing, painting or cleaning required
- Backed by a 50-Year Limited Product Warranty

Great Performance

- Built-in, patented water management system
- Significant air circulation behind the stone veneer
- Overlapping stone edges minimize gaps between stones
- Starter strip has built-in weep flashing
- Universal corners can be used in either direction
- Corners are available in all styles and colours

ProStack Sizes

ProStack flats: 4" tall pieces with lengths from 8", 12" and 16"
ProStack corner pieces: 8" - 10"

Ledgestone Sizes

Ledgestone flats: 4" tall pieces with lengths from 6" up to 17"

VERSETTA STONE®

The beauty of stone,
the simplicity of siding.

- Installs with screws or nails
- No metal lath or scratch coat necessary to install
- Panels interlock with tongue & groove system
- Built-in rain screen
- Pre-drilled weep holes allow water to escape
- Can be installed in any weather conditions
- Indoor/Outdoor application
- **110 MPH** Wind Resistance
- **60-Year** Corrosion Resistant Nailing Flange
- **50-Year** Transferable Warranty
- Class A Fire Rating
- ICC Evaluation Service Report ESR-2859

UNIVERSAL CORNER

The Universal Corner panels are the same size and shape as Flat panels but have finished ends. Universal Corner panels fit neatly with Flat panels and are designed for use on end wall terminations and for inside and outside corners.

FLAT PANEL

The main component of the Boral Versetta Stone® system, the Flat panel covers two square feet and weighs approximately 17 lbs. Each panel is embedded with a G-90 galvanized nailing flange that allows for easy installation with mechanical fasteners. The built-in rain screen and other moisture management features ensure proper water drainage.

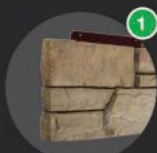

PANEL DIMENSIONS

Height: 8" Length/Pc: 36"

Note: Each panel covers 2 sq. ft.

LEDGESTONE - The rugged texture and purposeful irregularity offer an exposed and well-worn look that suggests years in the elements.

Trim Stone

Energy efficient to save on heating & cooling costs: In an average building, up to 40% of heat loss is due to old windows that are not airtight. When it comes to energy efficiency, Ply Gem is the leader in offering a wide variety of frame, sash and glass options.

Durable, quality products: Ply Gem stands for quality products built to the tough standards of an industry leader. Cladding options in vinyl, aluminum and wood offer you the choice of long lasting windows & doors designed to perform in the tough Canadian climate.

Ply Gem Canada Windows are ENERGY STAR certified

Made in Canada: Ply Gem windows & doors are subject to the strict quality criteria prevailing in Canada.

Ply Gem channel partners offer superior service: The Ply Gem dealer network provides consistent installation practices with excellent on-site support. Ply Gem dealers offer premium service — both before and after the purchase.

Vinyl Windows

- Designs made for the various architectural style of your home
- Dual and triple-glazed insulated glass

Clad Vinyl Windows

- Durable Aluminum exterior
- Low-maintenance Vinyl interior
- Double & Triple-glazed insulated glass

Clad Wood Windows

- Durable Aluminum exterior
- Wood interior
- Double & Triple-glazed insulated glass

Design Arch Windows

- Durable Aluminum exterior
- Stylish Aluminum interior
- Double & Triple-glazed insulated glass

AccuQuote

- Software that configures products, analyzes data, controls catalogue quality, and builds sales.
- Minimizes waiting times for customers, reduces errors that are prevalent in manual environments, allows you to see the details of the complete transaction process, and it can be used for quoting and order entry at the store or even on a customer's home.

Fiberglass Woodgrain Entry Doors

- The beauty of traditional woodgrain doors
- Will not warp, rot or rust
- Four woodgrain patterns to choose from
- Can be stained or painted to complement your home's colour scheme
- Compression molded for high impact strength

Fiberglass Smooth Entry Doors

- Smooth fiberglass door holds paint better than traditional wood doors
- Will not warp, rot or rust
- More durable than wood
- Insulates up to six times better than wood doors
- A variety of flush and embossed panels available, many with glass options

Steel Smooth Entry Doors

- One of the most secure entry doors you can buy
- The steel skin prevents rotting, swelling and cracking
- Does not absorb moisture like wood so it holds paint longer for a bright entrance
- Helps insulate from heat, cold and outside noise

Patio Doors Sliding and Swinging

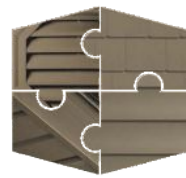

- Multiple sliding patio doors to choose from, designed to coordinate with our windows
- Patio doors made to match your windows
- Hybrid aluminum clad vinyl doors have colourful and durable aluminum-cladding on the outside
- Interiors are fine grain textured wood which can be stained or painted to match your decor
- Inswing or outswing styles are available

Storm Doors Aluminum or Vinyl

- Let in natural light and ventilation
- Provides protection from the elements
- Available in many styles from classic to modern in a variety of colours
- Comes with a retractable screen and locking lever handles

COLOURMATCH

Ply Gem PVC Trim

PVC does not absorb water, so it won't rot, warp or split. PVC trim board can be cut, drilled and routed like wood. You can even install them to grade or against concrete.

Trim Boards

PVC trim board can be cut, drilled & routed like wood. These are also available as sheets (smooth/smooth or woodgrain/smooth) or as notched bead board. They can be used for fascia, frieze boards, window and door trim, deck edging, and decorative accents.

Skirt Boards

PVC skirt boards provide the finishing touch without the worries of water damage. The sloped top drains water away from the house, making it the ideal border for fiber cement and other composite siding materials. Available in smooth or woodgrain.

Mouldings

Mouldings are a long-lasting alternative to wood accent trim and are available in shapes that enhance any home's style, in gables around windows and doors, or wherever you desire. Drip Cap, Shingle Mould, Rams Crown, Bead Board, Inside Corner, Historic Sill and Brick Mould are all available.

Corners

One-piece outside corners provide a square edge with no unsightly, rough seams. Available in smooth or woodgrain finish.

Post Wrap Kits

Basic Kit:

Available in 4 x 4, 6 x 6 and 8 x 8. Works with both post lengths. Included in basic kit:

- 2 Bed Molds
- 2 Base Caps
- Glue with tip

Premium Kit:

Available in 4 x 4, 6 x 6 and 8 x 8. Works with both post lengths. Included in basic kit:

- 2 Accent Wraps
- 2 XL Bed Molds
- 3 Base Caps
- Glue with tip

Cortex Fasteners

Available in smooth or woodgrain, Cortex Fasteners are made from Ply Gem trim products, so they always match perfectly. This eliminates the need for caulking, sanding and painting nail holes. Each box includes screws, setting tool and PVC plugs needed for fastening.

Withstands the elements

WOOD

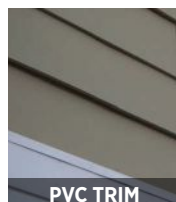

WOOD

Because Ply Gem trim does not absorb moisture, it won't rot, split or warp like wood. It also does not attract termites or other insects.

Won't split, crack or peel

FIBER CEMENT

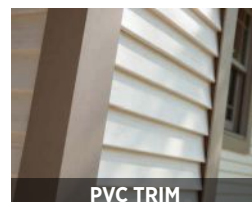

PVC TRIM

PVC trim won't split or crack, and doesn't require sealing against moisture. It holds paint better and longer than wood, so you don't have to worry about paint peeling.

Easy to install

PVC TRIM

PVC TRIM

Notched corners make it easier to install and eliminates the need for a J-channel. It cuts and saws like wood, and can be installed in natural white or painted.

SHAKES, STONE AND ACCENTS

- Quick & easy installation on any surface
- Linear system adjustable to the nearest 1/4" (0.64 cm) to fit the exact length of your window
- Resistance to discolouration (UV rays)
- Virtually maintenance-free
- Extreme temperature variation resistance

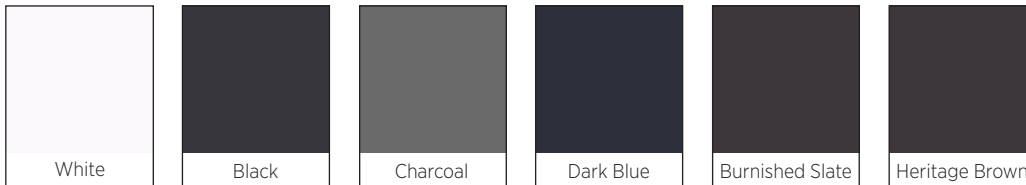

Louvered sizes:

- Widths:
12" (30.5 cm) or 14" (35.6 cm)
- Lengths:
22" (55.88 cm) to 72" (182.9 cm)

Raised Panel sizes:

- Widths:
12" (30.5 cm) or 14.5" (36.8 cm)
- Lengths:
22" (55.88 cm) to 72" (182.9 cm)

Standard Colours:

Due to the printing process colours may not be exactly as shown. Please refer to actual samples before making final decisions. Inquire with your distributor to confirm colours and products.

CHEMCREST Decorative Millwork

Chemcrest Inc. manufactures decorative interior and exterior synthetic millwork for residential and commercial applications including:

- Louvers
- Mouldings
- Door & Window Surrounds
- Dentil Blocks
- Spandrels
- Brackets
- Casing Blocks

Synthetic decorative millwork products are easy to install, lightweight, durable and are a maintenance free wood alternative that will not crack, rot or split.

In addition to over 3,000 standard profiles, Chemcrest also produces custom products to fit any remodel or new construction project.
