

In-Glass Blinds

For Vista Series and Design Series Sliding Patio Doors

Doorglass Blinds.

Ply Gem's new sliding patio door glass option is the easy choice for your home! The mini blinds located between the glass panes is an energy-efficient, attractive, easily maintained option for your home. These blinds remove the need for additional fixtures such as curtains or external blinds, while still maintaining control of light and privacy. No longer will long cords, dusting and hanging fixtures be an issue!
